Claims 1-40 are pending in this application.

**DETAILED ACTION**

1      Claims 1-40 are allowed.

**STATEMENT OF REASONS FOR ALLOWANCE**

2      The following is an examiner's statement of reasons for allowance:

The closest prior art of record (WO 03/014093 A1) does not teach or disclose the compound of the claimed formula (I), in which R<sub>2</sub> is a nitrogen-based quaternary radical of the formulae (II), (III) or (IV) as claimed. Also, the closest prior art of record (WO' 093 A1) fail to teach or disclose the nitro derivatives of the claimed formula (I'), in which R<sub>2</sub> is a nitrogen-based quaternary radical as claimed. Further, the closest prior art of record (WO' 093 A1) does not teach or disclose a dyeing composition, a process for the oxidation dyeing of keratin fibers or a multi-compartment kit comprising the oxidation base compound of the claimed formula (I), in which R<sub>2</sub> is a nitrogen-based quaternary radical as claimed. Accordingly the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of hair dyeing formulation or in the art of synthetic organic chemistry.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
